The Four-Way Test

Is it the TRUTH?	Is it FAIR to all concerned?
Will it build GOODWILL & BETTER FRIENDSHIPS?	Will it be BENEFICIAL to all concerned?

March 7th - Botanica Edward Sykes

The Patch and The Stream Where The American Fell A true story of war, loss, and redemption

For Ed Sykes, aka World's Greatest Fighter Pilot, saying something is impossible only makes him want to do it more! The Patch and The Stream Where the American Fell is his inspiring story of never giving up, whether that be achieving his dream of being a fighter pilot, or fulfilling the oath: "Leave No Man Behind."

This story takes us all over the United States and South-East Asia as it recounts the events in the Ed's life as well as those of the military men and women serving the United States Air Force during the Vietnam War. He also delves into the often overlooked damage done to those who must function on the sidelines. The casualties of war are not only those that take place on the battlefield.

And what happens later, when time has passed, but the memories remain? What should a 66 year old fighter pilot do when he realizes he has one more mission that hasn't been completed? There really is only one thing to do. Strap in and take off on an adventure no one thinks will be anything other than a crash and burn. Afterburner Now!

Conner Hampton: *The Game Plan to High-Quality Affordable Childcare*

Conner Hampton is Center City Academy's Development Director. Conner's passion for affordable childcare and early childhood education for all drove him to take this position at CCA. He was born and raised in Wichita and after some time away, his hometown called him back. As a father of a two-year-old, he understands the challenges of childcare and is passionate about eliminating those barriers for other parents in Wichita. Conner comes to Center City Academy after serving as a relationship manager at the United Way of the Plains. Prior to that, he spent eight years as a Division One College Basketball Coach at the University of Missouri-Kansas City (UMKC), where he also met his wife, Lydia. They have a two-year-old son, Crew, and most days you will find them chasing Crew around and enjoying all the Kansas weather.
